TO PARENTS:

We want to introduce you to the Blizzard Ski School, for over 55 YEARS we have provided the opportunity for young people to learn to ski and snowboard correctly, with skill and confidence.

After you have read the brochure, you will agree that the complete program we offer is second to none!

At Blizzard, our main focus is on instruction and improvement to grow the ability of each and every member. The instruction will be provided on every trip by qualified professionals.

On the first trip each member will have their skills assessed and will be placed in a specific level ranging from A–G. As skills improve members will get to advance under the supervision of certified PSIA and AASI instructors.
