

Reading Addition Minds (Grades 1 - 5)

Players: Groups of three (groups of four or five for more advanced)

Materials: Deck of cards

Skill: Addition, sum

How to Play: In this game for three players, one student is the leader and the other two are the “mind readers”.

The two players each draw a card and, without looking at it, hold it up to their foreheads so that everyone else can see it, but themselves. The leader announces the sum of the two cards. Each “mind reader” must figure out which card is on his or her own forehead and say it aloud. When both “mind readers” have figured out their cards, a new leader is chosen and the game continues.

With Reading Addition Minds, all players get practice with sums and addends in every round.
