Revenue and Investments

Revenue

The Executive Director or designee is responsible for making all claims for PCTC revenue, State Aid, special State funds for specific programs, federal funds, and categorical grants.

Selection of Depositories, Dealers, and Brokers

The Executive Director or designee shall establish a list of authorized depositories, dealers and brokers based upon the creditworthiness, reputation, minimum capital requirements, qualifications under State law, as well as a long history of dealing with public fund entities. The Board will review and approve the list at least annually.

In order to be an authorized depository, each institution must submit copies of the last 2 sworn statements of resources and liabilities or reports of examination, that the institution is required to furnish to the appropriate State or federal agency. Each institution designated as a depository shall, while acting as such depository, furnish the District with a copy of all statements of resources and liabilities or all reports of examination, that it is required to furnish to the appropriate State or federal agency.

The above eligibility requirements of a bank to receive or hold public deposits do not apply to investments in an interest-bearing savings account, interest-bearing certificate of deposit, or interest-bearing time deposit if: (1) the District initiates the investment at or through a bank located in Illinois, and (2) the invested public funds are at all times fully insured by an agency or instrumentality of the federal government.

The District may consider a financial institution’s record and current level of financial commitment to its local community when deciding whether to deposit funds in that financial institution. The District may consider factors including:

1. For financial institutions subject to the federal Community Reinvestment Act of 1977, the current and historical ratings that the financial institution has received, to the extent that those ratings are publicly available, under the federal Community Reinvestment Act of 1977;
2. Any changes in ownership, management, policies, or practices of the financial institution that may affect the level of the financial institution’s commitment to its community;
3. The financial impact that the withdrawal or denial of District deposits might have on the financial institution;
4. The financial impact to the District as a result of withdrawing public funds or refusing to deposit additional public funds in the financial institution; and
5. Any additional burden on the District’s resources that might result from ceasing to maintain deposits of public funds at the financial institution under consideration.

Collateral Requirements

All amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized in accordance with the Public Funds Investment Act, 30 ILCS 235/. The Executive Director or designee shall keep the Board informed of collateral agreements.
**Safekeeping and Custody Arrangements**

The preferred method for safekeeping is to have securities registered in the District’s name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board (GASB) Statement No. 3 Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements, Category I, the highest recognized safekeeping procedures.

**Controls and Report**

The Business Manager shall establish a system of internal controls and written operational procedures to prevent losses arising from fraud, employee error, misrepresentation by third parties, or imprudent employee action.

**Ethics and Conflicts of Interest**

The Board and District officials will avoid any investment transaction or practice that in appearance or fact might impair public confidence. Board members are bound by the Board Member Conflict of Interest policy. No District employee having influence on the District’s investment decisions shall:

1. Have any interest, directly or indirectly, in any investments in which the District is authorized to invest,
2. Have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments, or
3. Receive, in any manner, compensation of any kind from any investments in that the agency is authorized to invest.
