Accounting and Audits

The School District’s accounting and audit services shall comply with the Requirements for Accounting, Budgeting, Financial Reporting, and Auditing, as adopted by the Illinois State Board of Education, State and federal laws and regulations, and generally accepted accounting principles. Determination of liabilities and assets, prioritization of expenditures of governmental funds, and provisions for accounting disclosures shall be made in accordance with government accounting standards as directed by the auditor designated by the Board. The Executive Director, in addition to other assigned financial responsibilities, shall report monthly on the District’s financial performance, both income and expense, in relation to the financial plan represented in the budget.

Annual Audit

At the close of each fiscal year, the Executive Director shall arrange an audit of the District funds, accounts, statements, and other financial matters. The audit shall be performed by an independent certified public accountant designated by the Board and be conducted in conformance with prescribed standards and legal requirements. A complete and detailed written audit report shall be provided to the Board and to the Executive Director. The Executive Director shall on or before December 1st, or within such time extended by the Regional Executive Director of Schools from that date, not to exceed 60 days, submit an original and one copy of the audit to the Regional Executive Director of Schools (105 ILCS 5/3-7.), The Charter School Authorizer and the Illinois State Board of Education.

Annual Financial Report

The Executive Director or designee shall annually prepare and submit the Annual Financial Report on a timely basis using the form adopted by the Illinois State Charter School Commission and the State Board of Education. The Executive Director shall review and discuss the Annual Financial Report with the Board before it is submitted.

Inventories

The Executive Director or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and cost or estimated replacement cost.

Disposition of District Property

The Executive Director or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition: (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, building, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Executive Director or designee may unilaterally dispose of personal property of a diminutive value.

Taxable Fringe Benefits

The Executive Director or designee shall: (1) require that all use of District property or equipment by employees is for the District’s convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee’s personal use of District property or equipment as taxable compensation.
Controls for Revolving Funds and Petty Cash

Revolving funds and the petty cash system are established in Board policy 800.14 Purchasing and Contracts. The Executive Director shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and Illinois State Board of Education rules. A check for the petty cash fund may be drawn payable to the designated petty cash custodian. Each revolving fund shall be maintained in a bank that has been approved by the Board and established in an amount approved by the Executive Director consistent with the annual budget. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Executive Director or designee shall include checks written to reimburse revolving funds on the Board’s monthly listing of bills indicating the recipient and including an explanation.

Control Requirements for Checks

The Board must approve all bank accounts opened or established in the District’s or a District school’s name or with the District’s Federal Employer Identification Number. All checks issued by the School District in excess of $5000 must be signed by either the Executive Director and One other authorized designee.

Internal Controls

The Executive Director is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District’s financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, employee error, misrepresentation by third parties, or imprudent employee action.

The District’s system of internal controls shall include the following:
1. All financial transactions must be properly authorized and documented.
2. Financial records and data must be accurate and complete.
3. Accounts payable must be accurate and punctual.
4. District assets must be protected from loss or misuse.
5. Incompatible duties should be segregated, if possible.
6. Accounting records must be periodically reconciled.
7. Equipment and supplies must be safeguarded.
8. Staff members with financial or business responsibilities must be properly trained and supervised, and must perform their responsibilities with utmost care and competence.
9. Any unnecessary weaknesses or financial risks must be promptly corrected.

The Executive Director or designee shall annually audit the District’s financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time-to-time engage a third-party to audit internal controls in addition to the annual audit.
