

December 12, 2017

Dear PCCS Partners and Community,

Every day, I walk the buildings and grounds of this school and can't help but smile at what PCCS has become and what it is made of:

A charged and compassionate Staff with the single focus being the educational growth of your children.

6 acres of land with $42,000~{\rm ft^2}$ of award winning green school buildings; that's what we have here on our sustainable campus.

I hope that you too have toured our campus and enjoyed the new additions like our outdoor classroom that features an apple and pear tree orchard with a labyrinth. Maybe, you have watched the waterfall flow from the natural area that our current 6^{th} graders designed last year. Perhaps you have enjoyed a delicious meal at Farm to Table with food harvested from our schoolyard gardens. Or have seen the beginnings of our multicultural and sensory garden that our 1^{st} and 2^{nd} grade classrooms are developing. After the break, maybe you can enjoy our improved Library with classroom settings for our English Learners and our growing accelerated math groups.

But, what really makes up PCCS is our students.

Here, our students are earning a great education that will create positive change. From learning the importance of being environmentally responsible to helping strengthen the community that surrounds us, our natural leaders are making a difference.

Doing what we do so well has catapulted PCCS into a prominent leader in public education. Did you know that, according to *Niche*, your students attend a school that is ranked in the top 7% of all public elementary and middle schools in the Nation?

This doesn't just happen, though... It happens because of the support of partners like you.

Join the other proud parents and partners who have helped PCCS grow and thrive for the last 19 years. By contributing now, you'll help pave the path for the next generation: the ones who will advance to High School, College and beyond and make a positive impact in their communities.

So, now is the only time of the year that I ask you to consider making a gift to our school. Any amount will help us close the gap of inequitable funding where PCCS gets \$.80 to the \$1 of other

schools in our area. Your gift helps ensure that PCCS continues to provide an outstanding experience for our students.

This is what Partnering with Parents is all about; working together and investing in your child's education; helping each other with resources that enhance the ability for our students to grow at their own pace.

It happens because of the support of partners like you.

Our unique style of education shows in the faces of our amazing students. If you see that too, help us continue to improve our school, our environmental learning opportunities and if you too believe that children are our best hope to improve the world.

Help us Create the Natural Leader in your child

PCCS fulfills its mission because of you.

Geoff Deigan Executive Director

Please consider making a gift during our Annual Appeal.

A gift of 1 penny per square feet of buildings can make a huge difference in what we can provide for our students!

Yes, I See That Too!

\$420 (C 1)	\$840 (¢ 2)
\$2,100(¢ 5)	Other
