MY BACKGROUND

My hometown is Crystal Lake, IL. I grew up as the middle child in a family of 5. I have wanted to be a teacher for as long as I can remember. I can recall being only 7 and making my sister take "tests" I created about animals! I attended Bradley University, where I student taught 3rd grade and graduated with a degree in Elementary Education with a concentration in Fine Arts. I am very passionate about the arts and I will be a director on the musical this year at PCCS! I am an environmental advocate and health is extremely important to me. A fun fact about me is that I have followed a plant based vegan diet for about three years!

"My Promise To You"

I promise you every day your child will learn something.
Some days they will bring it home in their hands.
Some days they will bring it home in their heads,
and some days they will bring it home in their hearts.
