PCCS Photography Club

PCCS Students in 3rd - 8th grade

Tuesday's 3:45 - 5:00 (Room 20)

6 Week Session (September 25 - October 30)

Do you like to take pictures? Would you like to learn how to take better or more interesting pictures? If so, then the PCCS Photography Club is for you. We will start with basic camera operation and then learn about composing images, the importance light plays in photography, how to freeze action, close-up photography, and even black and white. Each week we will walk through a quick lesson and then we will go outside or walk around the school and practice taking pictures. We will finish the club with a little gallery show of our work!

You will need to provide your own camera, however, it doesn't matter what type. If you have a point-and-shoot, a camera with changeable lens, or a phone/tablet will be fine. You will also need to have a memory card for your camera if it requires one.
