

Pokémon Club For Girls and Boys 1st--7th Grades

Tuesdays 3:45--4:45 pm Nov. 27th, Dec. 4th and Dec. 11th

Get beyond the cartoon in this fun club! Pokemon is a fun and creative card game that builds strategy and problem solving skills; challenging players to use math and thinking to plan moves ahead in order to win. This club will focus on learning or reviewing the rules of play, how to build a deck and how different cards work. This club is appropriate for both beginning and advanced players. This includes those who have never played Pokemon or have played but need a refresher on rules/strategies for league play or who enjoy playing against other players for strategy practice. Students can bring a nut free snack to enjoy.

Attending students should bring a 60 card Pokemon deck to club sessions (also a play mat and damage counters).
