Highlights of the Week:

Daily 5: This week, the class continued to build their stamina with Read to Self, Read to Someone, and Work on Writing. Some students started writing letters to teachers and parents.

Writing: The class continued writing their Small Moment stories. We also learned different strategies to help us revise and be brave spellers.

Math: We subitized many numbers this week instead of counting the numbers individually. We learned part, part, whole relationships with numbers to 20. We also played SHAZAM! Ask your child about our new fun math game to help us practice counting by 10s.

Theme: The 1st graders continued to study maps and explored what map, navigate, and familiar means. The students brainstormed a list of familiar places they may be able to create a map for our next activity.

Environmental Education: Small groups went out with Ms. Naomi to do a mapping activity! It was a great way to practice using a map to help us navigate around PCCS.

A friendly reminder that during snack time, students are not to eat any nut products. Please encourage your child to eat those products during lunch. To continue to keep the classroom safe during lunch and snack times, if your child has snack, please place it in a separate container from their lunch container.

Salsa Day

Please refer to attachment on weekly e-mail for more information about our upcoming Salsa Day.

Curriculum Night

It was nice to see all of you come out on Tuesday evening! If you were not able to attend, your child should have brought home a packet of information. If you did not receive it, please contact me. Thanks!
