

Update on Convid -19 3/13/2020 3:00 PM.

Thank you for your continued patience as we continue to gather the advice and information regarding the Convid -19 situation. The School expects to make a formal announcement by Saturday (3/14) late afternoon in regards to what the school's schedule and/or revised procedures will be up until our Spring Break on March 23, 2020. We continue working with the Commission, ROE, ISBE, our local officials and our surrounding district to assure we are implementing what is in the best interest of the health and well-being of our entire community.

Look for updates in our social media platforms, on our Website's main page under [News and Events](#) and from emails from the Administration.

In the meantime we encourage you to continue to follow existing guidelines to protect your own health. The Centers for Disease Control recommends:

- Wash hands with soap and water for 20 seconds; use alcohol-based sanitizer if no water is available
- Avoid touching eyes, nose, and mouth with unwashed hands
- Avoid close contact (within 6 feet) with those who are sick
- Stay home if sick
- Cover cough or sneeze with tissue, throw tissue in trash, wash hands
- Clean and disinfect frequently touched object and surfaces

PCCS Administration
