
EXECUTIVE DIRECTOR MEMO

TO: PCCS COMMUNITY
SUBJECT: REMOTE LEARNING UPDATE
DATE: JANUARY 25, 2021

Dear PCCS Community,

As a follow up to Friday's communication - PCCS will begin Phase 4B Hybrid Learning Plan implementation on February 8th.

To be completely ready for that to happen , the following will take place this week:

Listening Sessions:

We will be holding 3 Listening Sessions on **January 25th and 26th** . The Agenda and details for joining these sessions for these sessions [can be found here](#).

Confirmation Survey

We also will be confirming your intent to choose either to attend *In-Person* on or remain as a *Remote Learner* during Phase 4B. The link to that one question survey [can be found here](#).

We ask that you **complete his survey by no later than 2PM on January 27, 2021.**

This will allow us the appropriate time to finalize the A/B schedules and get that information to you by January 29th . If we do not receive a survey response from you by the 27th, we will assume that your choice will be to remain in remote learning, and we will plan accordingly. PCCS will remain as flexible as possible for families wishing to transition between remote learning and on campus instruction; however, space limitations and the ability to maintain safe distancing per the current guidelines may delay or prohibit the ability to change from remote learning to in person instruction once Phase 4B is implemented.

Thank you for your continued partnership through this transition.

Geoff Deigan
Executive Director
