#### **Director's Report**

#### **A Natural Leader**

I have been a part of the PCCS community since my daughters, now 3 years out of college, first walked on campus for the ringing of the Wright Schoolhouse bell in 2000. I have watched PCCS evolve into a full-fledged K-8 school of choice. I can speak firsthand that what we do here and how we prepare our graduates to be Natural Leaders is a tough task and we do it incredibly well. But the School didn't get here without a lot of help.

One of the unique aspects of this School is the commitments that we make to help realize our mission and vision. Many contribute to the success of PCCS, from staff and students to parents and volunteers. It is a challenge to recognize all the contributions and in trying to do so, inevitably, someone always is unintentionally left out.

Today, this one is easy.

I first met Marcelo Chiodi in 2008, when he asked how he could get more involved in improving the direction of the school. He chose to sit on one of our Board committees and lend his expertise to strengthen our HR policies and procedures. I was the Board's President at the time and by watching his unselfish efforts and sacrifice, I knew the school was going to benefit from his involvement.

From there Celo had a pretty hectic work schedule and though I often asked him to join our Board, he politely offered that he didn't think he could dedicate the time to be an effective member. In 2015, Celo found the time and has been a part of the school governance ever since.

Celo is a true champion of PCCS. He is a dedicated, thoughtful, and always puts the best interest of the school at the front of every decision he makes. With his commitment, his passion and his hard work - he has helped propel this School to what it is today — an award winning, high quality, premier school of choice in Lake County.

He remains a strong voice of support for the school and has both challenged and assisted me in my role as Director. He always lends his ear, his advice and his help when asked.

Today, as our bylaws dictate, after 2 consecutive terms, Marcelo will be stepping aside as a Board member.

To his wife Michele, Thank You! Thank you for letting us borrow him the last 7 +years. Thank you for letting him invest in the growth of the school through both the cloudy and sunny days.

Celo, I know you will never be too far from the pulse of PCCS. I appreciate all your help, all your guidance, all your support. So, Thank You - you have been a great Natural Leader.

Good luck my friend... May the road rise to meet you and the wind be always at your back.

Respectfully,

Geoff Deigan Executive Director

#### **EXECUTIVE DIRECTOR MEMO**

TO: PCCS COMMUNITY

SUBJECT: TEST TO STAY AND SYMPTOMATIC SCREENING

**DATE: OCTOBER 18, 2021** 

#### Dear PCCS Parent(s)/Guardian(s):

We are constantly looking at ways to evolve our practice when it comes to the health and safety of all at PCCS. Our partnership with the Lake County Health Department helps us add to the mitigation layers already in place. PCCS is adopting the *Test-to-Stay Program* and *Rapid Antigen Testing* of symptomatic students. We believe this will be to our benefit as we enter the colder months.

#### What is Test-to-Stay?

Test-to-stay is a pilot program that has been implemented by the LCHD to support inperson learning. When students and staff are identified as close contacts at school and/or school activities, they can test on days 1, 3, 5, 7 after exposure and continue to attend class if they test negative through the process and remain asymptomatic.

#### What kind of Testing does this involve?

Testing will be done utilizing the Abbott BINAXnow Rapid Antigen kits provided from the health department. Collecting a specimen for testing involves using a shallow swab, similar to a Q-Tip, placed inside the tip of the nose. A trained school nurse will collect the specimen and will oversee the process. Results take approximately 15 minutes.

Please watch the following video to learn more about Test to Stay

#### Some notes about Test to Stay:

- 1. Test to Stay is only applicable when both the confirmed COVID-19 case and close contact were engaged in "consistent and correct use of well-fitting masks, regardless of vaccination status"
- 2. Test to Stay may only be used for **in school or school-sponsored event exposures**, for unvaccinated and/or partially vaccinated individuals.
- 3. Test to Stay DOES NOT apply for non-school related event exposures (i.e. clubs or team practice)
- 4. Test to Stay DOES NOT apply for household exposures. Siblings of those who test positive for COVID-19 cannot participate in this program and must quarantine at home for a minimum of 10 days.

#### **More info on Test to Stay**

#### **Symptomatic Screening:**

Additionally, the BinaxNOW rapid antigen tests can help in identifying COVID-positive students who become symptomatic during the school day. "Due to wide-ranging symptoms associated with COVID-19 infection and the frequency with which children are likely to display one or more of these symptoms, rapid POC tests may be useful diagnostic tools for testing persons in the early stages of infection with SARS-CoV-2 when viral load is generally highest."(1) Opting in to this program will allow trained staff to perform testing and results within 15 minutes.

No matter the result, please be aware that your child is still unwell and will need to go home for the remainder of the day. It is beneficial to know earlier when someone is positive as to minimize the amount of potential close contacts.

A positive test is considered a true positive, and your child will need to quarantine for the minimum of 10 days as per LCHD guidance. A negative test after the positive test will not negate the positive and your child will still need to quarantine.

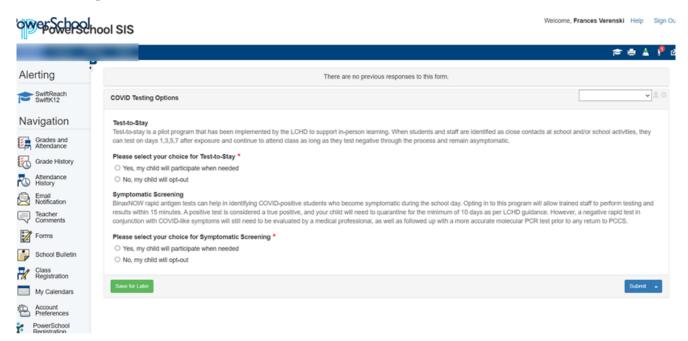

However, a negative rapid test in conjunction with COVID-like symptoms will still need to be evaluated by a medical professional, **as well as** followed up with a more accurate molecular PCR test prior to any return to PCCS. As has been the practice, you must email or fax the results to scoyle@pccharterschool.org in order to be okayed for return.

#### **Next Steps:**

Beginning today, the opt-in option will be available in powerschool.

- 1. To get started, you will need to log in to your PowerSchool account <u>Student and Parent Sign In (powerschool.com)</u>,
- 2. Click on forms and complete the COVID Testing Options form.
- 3. There are two selections: *Test to Stay* and *Symptomatic Screening*.
- 4. If you have multiple children enrolled and would like to submit the same response for everyone, you can click on the arrow next to Submit and select "Submit for Family".
- 5. You will have to <u>opt-in</u> to these testing programs, if you do not make the selections as of <u>10/21/21</u>, your child(ren) will be considered opted out.

Thank you for helping keep our community safe.

**PCCS** Administration

#### **Music Program Update**

Earlier in the summer Administration stated it would be taking a good look on the opportunity to enhance our music program at PCCS. The intent is to do a feasibility study on our existing program and see whether changes could be made that could:

- Better integrate the environment in the music program,
- Evaluate current space constraints and challenges on campus,
- Determine whether the Music program could work in congruence with the elective Band Program and,
- Establish what better alignments could be made with Music, Art, Spanish and the Core Curriculum.

We will be holding meetings with internal and external stakeholders in the up coming months in order to explore opportunities over the next few years. Originally, I spoke of convening these meeting in September however that has been delayed until January (after winter break) in part so we can have our Music Teacher get better acclimated with the program and the School.

#### **Strategic Plan Update**

#### **Background**

The accompanying vision statements represent the intended direction of the School over the next ten years and beyond. The idea is to enhance these visions to set our School on a deeper path of excellence. They are the beginning of the new journey and become the guidance there are distinct differences between a vision plan and a strategic plan

**Vision** = is a destination to which we focus all effort. **Strategy** = is the journey; an adaptable path to get us where we want to go

Strengthening the vision for PCCS will accomplish several things for the School:

- ▶ It attracts commitment and energizes people. The motivational effect of when people can see that the School is committed to a vision generates enthusiasm about the path PCCS is following and increases the commitment.
- ▶ It creates meaning in Staff's lives. A vision allows stakeholders to feel like they are part of a greater whole and provides meaning for their work. The right vision will mean something to everyone if they can see how what they do contributes to that vision. Consider the difference between the Jesse saying, "I only clean rooms and bathrooms", to "I'm part of a team that teaches children to make a positive difference in themselves and their communities". The work is the same, but the context and meaning of the work is different.
- ▶ It establishes a standard of excellence. A vision serves an important function in establishing a standard of excellence. The standard of excellence also can serve as a continuing goal and provide a measure of the worth and brand of the School.
- ▶ It bridges the present and the future. The right vision takes PCCS out of the present and focuses it on the future. Here, it's easy to get caught up in the crises of the day, and to lose sight of where you were heading. A good vision will provide orientation on the future and provide positive direction.

The vision alone isn't enough to move us from the present to the future. Once vision is in place strategy can provide the steps on how to get there.

#### **Next Steps**

The vision statements are the framework for developing the Strategic Plan. Our strategic drivers & overarching goals for framework of the Strategic Plan for each category are :

Collaborate – Aware – Respect – Empower – Sustainable

#### Challenge

I offer 2 challenges for the next decade:

- 1. The School is the Center of the Community a place where members feel safe, visitors feel welcomed energized and staff feel included to create a better quality of life with the School in it than without it.
- 2. Every member of our community (Staff, Students, Parents) CARES and grows;

Academically, Environmentally, Equitably, Culturally, Visionary

#### **Vision Statements**

#### **ENVIRONMENTAL LEARNING**

#### The environment is at the center of everything we do.

#### Deeper:

- 1. Through all disciplines, our curriculum is based on Problem, Project and Place Based learning grounded through the lens of Education for Sustainability.
- 2. From learning the value of locally grown organic food —to the impact your choices have on the environment, our hands-on approach teaches how those personal choices impact the greater community.
- 3. Through understanding relationships between people, planet, and all living things, strengthens the community.

#### **ACADEMIC EXCELLENCE**

### Graduates become confident of who they are, academically prepared, environmentally responsible, and mature beyond their years.

#### Deeper:

- 1. Each child receives the small school personalized care that they desire from teachers and staff.
- 2. Our children learn positive interaction skills, and together work on problem-based learning, special and culminating projects from Kindergarten through 8<sup>th</sup> grade.
- 3. Innovative teaching practices result in consistent student growth.

#### PARTNER WITH PARENTS

### Parents help provide children with a personalized education experience, where children learn the value of education, community and the environment.

#### Deeper:

- 1. We recognize that they are our children's first teachers and their support and involvement enhance their child's education and strengthens our school.
- 2. Parents play a vital role in our community and in our success and this is why they entrust us with their child's development

#### PERSONAL RESPONSIBILITY

### Children are empowered to make a positive difference for themselves and their communities.

#### Deeper:

- 1. We foster an academic community where students, staff, and parents are compassionate, caring, and health-conscious individuals.
- 2. Students have and continue to be effective voices in their Community.
- 3. Students are empowered to explore their passions and unique learning experiences.

#### **Work to Date**

Over the past four years, Prairie Crossing has focused on creating a comprehensive Natural Leaders program that reflects the best practices of creating a climate and culture that support student health and achievement. By blending research-based practices related to social and emotional learning with best practices related to creating a climate that supports sustainability mindsets, PCCS is now implementing as assessment model that will allow us to monitor both short term and long-term impacts of our program and on the development of sustainability mindsets that allow students, faculty, and staff to care for self, others, and the environment.

The work PCCS has done to refine our model so that all students demonstrate growth each year in all academic standards through an integrated curriculum grounded in education for sustainability, service learning, and place-project-problem based learning (P³BL) sets us apart from many of the schools and districts in the nation.

We have created a comprehensive rubric that allows faculty to examine and improve their curriculum based on research-based practices and we've transformed our curriculum maps so that every child, every year, experiences deeper learning through an integrated P³BL curriculum unit. While this work in on-going the work that PCCS has done to support faculty and staff in understanding sustainability is a game changer that will have long lasting effects.

As a member of the Catalyst Network, Prairie Crossing has become a replication hub that allows others to come and to learn how to implement best practices related to becoming a healthy, equitable and sustainable school. In the fall of 2019, we hosted the first Catalyst Showcase Seminar in the US and are in line to host others as we open after the COVID 19 crisis. In addition, PCCS has been highlighted in numerous articles in the Network's *GreenNotes* newsletter and *Green Schools Catalyst Quarterly*, the only peer review publication for green, healthy, and sustainable schools in the world, and we will be featured in an upcoming book to be published later this year, titled *Trailblazers for Whole School Sustainability: Case Studies of Educators in Action.* 

Results of our investment into whole school professional development as a Catalyst school have created 2 objectives that enable us to focus all work to achieve

- 1. PCCS DEMONSTRATES GROWTH EACH YEAR ON ALL ACADEMIC STANDARDS THROUGH AN INTEGRATED CURRICULUM GROUNDED IN EDUCATION FOR SUSTAINABILITY, SERVICE LEARNING, AND PLACE-PROJECT-PROBLEM BASED LEARNING (P<sup>3</sup>BL)
- 2. PCCS COMMITS TO AN INCLUSIVE CULTURE OF SUSTAINABILITY AND CARING FOR SELF, OTHERS AND THE ENVIRONMENT...TODAY AND TOMORROW.

In the pursuit of accomplishing these objectives we create a symbiotic relationship with our School, our Community and our Environment.

We believe children are MISSION our best hope to improve the world

A high performing, model school that serves as the center of the Community

Vision

In the next few months, we will be working together with many stakeholders within the PCCS Community to develop measurable implementation steps that will guide our collective journey and further define how PCCS Creates Natural Leaders.
