Discussion Items

1. Mr. Deigan gave an update on the committee goals and frequency of meeting and discussed the feasibility and limitations of outreach opportunities during the COVID-19 pandemic.
2. Mr. Deigan gave an update on the Lottery Open House and confirmed that they would be a taped open houses that will be lived streamed via social media.
3. Mr. Deigan shared the FY21 Lottery applicants to date are trending slightly above those in FY20 With a few less siblings and slightly higher Out of district applications. He reminded that the application will continue to be accepted until the night before the Lottery .
4. Discussion continued with the opportunities of still implementing effective outreach while in the midst of the COVID conditions. Events such as One Earth Film Festival will still occur with PCCS as a partner, however its effectiveness will be limited due to it all being virtual with no one coming to experience the campus. We have been good feedback on the live streaming and events being held on line and will continue to escalate our newsprint and blog exposure during these limited conditions.
