

Pokémon Club For Girls and Boys 1st-7th Grades

Thursdays 3:45-4:45 pm, November 2nd, 9th and 16th

Get beyond the cartoon in this fun club! Pokemon is a fun and creative card game that builds strategy and problem solving skills; challenging players to use math and thinking to plan moves ahead in order to win. This club will focus on learning the basics on how to play the card game of Pokemon; the rules, how to build a deck and how different cards work. This club is appropriate for beginning players, including those who have never played Pokemon or have played but are unfamiliar with the rules in a league setting. ***Attending students should bring a 60 card Pokemon deck to club sessions.**
