

Student Medical and Health Checklist

****All student medical documents are due to the school office by August 1st****

In order to provide a safe and healthy environment for your child, PCCS strictly adheres to state law in maintaining health and medical records. Carefully read the list below and provide the office with all required paperwork for your child. If you have any questions please contact Shanna Coyle at scoyle@pccharterschool.org.

State Health Forms

Proof of School Dental Examination Form

Required for all kindergarten (KDG), second (2nd), and sixth (6th) grade students and New students to the state of Illinois in 1st-8th grade.

Eye Examination Report

Required for all kindergarten (KDG) students and New students to the state of Illinois in 1st-8th grade.

Certificate of Child Health Examination (both front & back sections must be completed)

Required for all kindergarten (KDG) and sixth (6th) grade students and New students to the state of Illinois in 1st-8th grade. Please note that proof of immunizations must be attached to the form. If you are stating a religious or medical exemption for your child, you must fill out the Illinois-specific exemption form at both the KDG *and* 6th-grade timeframes.

School Medical Forms

*Due to the school **office** by August 1st. Please do not send forms or medications to the classroom teacher.*

Sports Physical

By law, PCCS is required to have a valid physical dated within 395 calendar days (13 months) on file for each student participating in interscholastic sports. A standard physical form completed by a physician is sufficient, but for students in 5th – 8th grades you may submit a sport physical in its place, signed by a licensed practitioner, prior to trying out for any sport at PCCS. A sports physical is valid only in regards to interscholastic sports, not as the record of examination and immunizations required for all sixth graders.

• **Concussion Information Sheet**

As of 2017, the state requires this form to be signed by any student participating in interscholastic sporting events or practices. The parent's/guardian's signature is also required.

School Medication Authorization Form (for all prescription and nonprescription medications except for asthma inhalers and emergency epinephrine injectors- inhalers and epinephrine can just be written on those specific action plan forms by the MD/NP)

Your child's pediatrician must fill out the **School Medication Authorization Form** for all prescribed and over-the-counter medication that your child needs to take during the school day. This form also needs to be signed by the parent/guardian. A new form must be filled out for each new school year.

Note: State law now requires a physician's signature for over-the-counter and prescription medication. No medication will be administered to your child unless the completed form has been provided to the school administration.

As per Illinois law, we do not house stock of any OTC medication on campus. Each student/family must supply their own medication. Additionally, please remember that things such as cough drops and topical creams must also be authorized by a licensed practitioner to be allowed during the school day.

Medication should be brought to the school office in the original container, properly labeled and accompanied by the following information:

Prescription Medications

- a. Student name and prescription number
- b. Name and dosage of medication
- c. Date and number of refills
- d. Licensed physician's name
- e. Pharmacy name, address, and phone number
- f. Name or initials of pharmacist
- g. Administration route or other directions

Nonprescription Medications

Student's first and last name on the original container.

Students with Allergies

Allergy and Anaphylaxis Emergency Plan

In the case of any allergy requiring medical treatment, your child's physician is required to complete an **Allergy and Anaphylaxis Emergency Plan**. This plan must be provided to the school administration **prior to your child's first day of school**.

If an epinephrine auto-injector is prescribed, the Allergy and Anaphylaxis Emergency Plan will indicate it. You do not need an additional School Medication Authorization Form for the epinephrine auto-injector. Your child may carry and self-administer an epinephrine injector only when the Allergy and Anaphylaxis Emergency Plan has been completed and signed by a physician and the self-administration checkbox marked. The form must also be signed by the child's parent or guardian and provided to the school administration before August 1st.

If an EpiPen® is required as part of the emergency action plan, please provide both injectors (one twin pack) to the school. Epinephrine has a short period of time in which it is active and both injectors may be needed before emergency services have arrived. **Please check the expiration date prior to turning them into the school office.**

Students with Asthma

Asthma Action Plan

If your child has asthma, an **Asthma Action Plan** must be completed by your child's physician and provided to school administration before August 1st, 2023.

Prescribed asthma inhalers will be indicated on the Asthma Management Plan. You do not need to submit an additional School Medication Authorization for an asthma inhaler. Your child may carry and self-administer an asthma medication (inhaler/nebulizer) only when the Asthma Management Plan has been completed and signed by the physician and the self-administration checkbox marked. **Please check the expiration date prior to turning them into the school office.**

Students with Seizures

Seizure Action Plan

If your child has seizures, your child's physician is required to complete a **Seizure Action Plan**. This plan must be provided to the school administration before August 1st, 2022. Your child's physician will provide and complete this form in conjunction with you. Please make sure, if medication is needed during school hours, the School Medication Authorization Form is completed and signed by both physician and parent.

Students with Diabetes

Diabetic Care Plan

If your child has diabetes, your child's physician is required to complete a **Diabetic Care Plan**. This plan must be provided to the school administration before August 1st, 2023. Your child's **physician will provide** and complete this form in conjunction with you. Please make sure, if medication is needed during school hours, the School Medication Authorization Form is completed and signed by both physician and parent.
